

LEE COUNSEL MOVES FOR NEW TRIAL

FEELING TENSE OVER COAL SITUATION AS THREATS ARE HEARD

Scotland Yard Ready For
Emergency As Result
Of Trouble.

London, Aug. 15.—Tensity of feeling over the coal situation continues despite the tentative settlement and Scotland Yard today was called upon to investigate a threat to A. J. Cooke, secretary of the miners federation. "We are ready for you and your dupes," the warning read, "we long for the day to cleanse the country of such blackmailers and we are now 500,000 strong."

"This is the first of three warnings."

The threat was scrawled across a pamphlet put out by the British fascists. It referred to the recent subsidy granted by the Baldwin government to the miners upon their threat to the up all British industry by a nationwide strike.

The British fascists are a force which seem to be steadily increasing in number and just before the coal strike, was adjusted a fortnight ago, came into daily conflict with the organized miners in Hyde Park and wherever the two opposing forces met.

The warning, which the London police are now investigating, serves once more to emphasize the continual clashes between the radical labor leaders and the forces of conservatism represented by the Baldwin government with its overwhelming Tory majority in the house of commons.

Cook has long been a storm center in British politics because of the radical nature of his comments. He is now engaged in a verbal controversy with Sir William Johnson Hicks, home secretary, showing how far apart are the miners and owners, who appear to have the tacit support of the government.

"Sooner or later, this question has to be fought out by the people of this land," he said. "Is England to be governed by parliament and the cabinet or by a handful of trade union leaders? That question has to be faced by everyone in the land during the next eight or nine months. If a soviet is established here if the trade union control gets the upper hand, if parliament is, in effect, abolished, and a council of action, set up, a grave position will arise."

"On the other hand if the people are prepared to support the government, and say they will not stand for domination by trade union leaders then there may be grave trouble in this land for a time, but if the heart of the people is sound, we can stand it."

To which the miners through Cooke replied:

"We miners have got to concentrate our interests on the whole industry because it is going to be ours."

"A leading coal owner told me a few days ago that the miners could not possibly win. But I replied 'You wait, let me warn you that if this struggle begins, it means revolution.'"

Washington, Aug. 15.—There is every indication that a compromise will be reached in the Belgo-American debt negotiations next week that will permit Belgium to discharge her indebtedness to the United States on slightly better terms than were prescribed as "standard" in the British settlement.

Considerably larger stake than a mere one per cent interest rate on \$480,000,000 is in the center of the table in the Belgium negotiations and it is for this reason that Secretary of the Treasury Mellon and Senator Reed Smoot are enroute today to Plymouth, Vermont, to lay the case before President Coolidge.

One per cent on the Belgium debt would amount to less than \$5,000,000 a year, a figure which, while substantial, is hardly large enough for which to risk the success of the negotiations. The larger stake may be said to be one per cent on nearly \$7,000,000, or \$70,000,000 a year, and that is a sum not to be sneezed at even in these days of three billion dollar congresses.

The \$7,000,000,000 represents what the rest of the world, outside of Great Britain and Belgium now owes the United States. More than \$6,000,000,000 of it is owned by France and Italy alone.

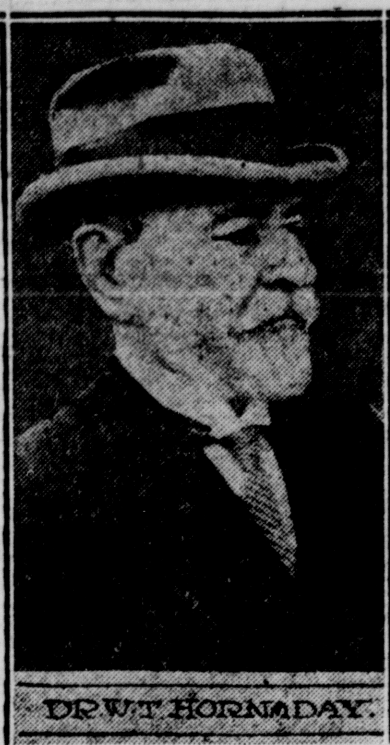

The French and Italians are due at the paymaster's window next month.

BOY IN JAIL

Ironton, O., Aug. 15.—Habeas corpus proceedings have been instituted here seeking release from the county jail of 16-year-old Joe Thompson, fined on a charge of intoxication by Mayor Norris at Coal Grove.

HUNT MAN FOR TWO MURDERS

On Warpath

Dr. W. T. Hornaday, trustee of the Permanent Wild Life Protection Fund, charges that ammunition and gun makers are aiming to break down the laws protecting wild animals and fowl in the United States.

BELIEVE SERIOUS BLOW AT BOOTLEG TRAFFIC IS STRUCK

Federal Raids Net Alcohol
Worth Ten Million
Dollars

Cleveland, O., Aug. 15.—A serious blow to bootlegging has been dealt by police to have been one source of bootleg alcohol—the basis of the illicit rum trade in Northern Ohio—is believed today to have been struck here by federal agents operating under Thomas E. Stone, tri-state divisional prohibition chief.

A half dozen raids in the last ten days have netted more than 230,000 gallons of alcohol, pure grain and denatured, worth close to \$10,000,000.

The federal agents are believed to have unearthed a plot with rail employees to expedite shipments of bootleg alcohol, out of Cleveland railway yards, labeled as "oil" or "merchandise."

They arrested Andrew T. Kitko, yard clerk for the Big Four railroad. Kitko was later held in county jail here in default of \$15,000 bail. Nine other men were under arrest, all but one, officers of two chemical manufacturing companies. The other was an alleged customer. Two were released when they filed \$10,000 bonds. The others were held in county jail in default of bonds totaling \$105,000.

after United States District Attorney Bernstein had refused to permit release of the seized alcohol to a bonding company as security for bonds.

MRS. J. P. MORGAN IS
CALLED BY DEATH AS
FAMILY IS ABSENT

Simple Funeral Is Planned
For Wife Of Finan-
cier.

New York, Aug. 15.—Funeral arrangements for Mrs. J. P. Morgan, wife of the financier, who died unexpectedly yesterday at the Morgan Glen Cove, Long Island home, probably will be announced today, the services are expected to be simple.

Mrs. Morgan succumbed to a two months illness of lethargic encephalitis, a form of sleeping sickness, but the direct cause of death was given as a cardiac collapse due to her weakened condition.

No member of the Morgan family was at her bedside. Mr. Morgan was at his office, and Mrs. Morgan's two sons were cruising in the Morgan yacht off the New England shore. Recently her condition had shown great improvement and her ultimate recovery was expected.

United States Senate Will Soon Have Woman Senator

North Dakota Governor To Appoint Widow of Senator
Ladd To Vacancy Is Learned—Question
Governor's Power To Appoint

WASHINGTON, AUG. 15.—The United States Senate, which has been called the "most exclusive gentlemen's club in the world," is likely to have a woman soon, the second in its history.

Mrs. Edwin F. Ladd, widow of the Senator from North Dakota is to be appointed by Governor Sorlie to fill out the unexpired term of her husband, according to reports reaching North Dakotans in Washington.

The governor is quoted as stating to friends of Mrs. Ladd that "while I have not finally made up my mind to appoint Mrs. Ladd to the vacancy I am of the opinion she is best fitted to fill at this time the position left vacant by her husband."

Senator Borah, Republican of Idaho, is said to have satisfied Governor Sorlie he had the right to make the appointment to the senate to fill the vacancy, this power having been questioned under existing North Dakota Laws.

Other senators, including Senator Curtis, Kansas, the Republican leader, are doubtful of the power under North Dakota law of the governor to appoint a successor.

The senate itself will decide the question should the governor appoint. Mrs. Ladd if appointed and seated, will serve until March 4, 1927.

Statewide primaries are to be held in North Dakota June, 1926, at which a candidate to succeed Senator Ladd will be named. Mrs. Ladd is not expected to enter these primaries, which will be hotly contested by numerous candidates.

In the history of the senate there

has been but one woman senator. Mrs. Rebecca Felton, of Georgia, was appointed senator to fill an unexpired term of Senator Tom Watson, who died in office. The appointment was made by Governor Hardwick.

Mrs. Felton, under a gentlemen's agreement set as senator at a senate session for one day.

Governor Sorlie is said to favor appointment of Mrs. Ladd because of the difficult political situation in North Dakota. There are five leading non partisan league candidates for the vacant senatorship, with the governor a possible candidate, and two anti-leaguers. None of the candidates is willing to withdraw and each is opposing the election of the other for the unexpired term because of an advantage it would give him in the fight for the long term to be decided next June.

COOLIDGE TO SPEND WEEK END RELAXING AT HOME OF FATHER

President Buries Away
From World in Ver-
mont Hills

Plymouth, Vt., Aug. 15.—President Coolidge, buried away from world affairs high up in the Green mountains here at the home of his 80 year old father, determined today to place all of the cares of his offices behind him for the next 48 hours and spend the week end in absolute relaxation.

On Monday the seclusion of Plymouth will be broken by a visit from Secretary of the Treasury Mellon and Senator Reed Smoot, Republican of Utah, who are coming to confer with the president about the pending debt funding negotiations with Belgium. Until then, however, Mr. Coolidge intends to divorce himself entirely from affairs of state and spend his time visiting with his father and renewing an acquaintanceship with the surrounding in which he spent his boyhood.

Colonel John C. Coolidge is showing a truly remarkable recovery from the serious illness which threatened his life last month. He was up early this morning and doing lighter chores about the house. He refuses to admit that he has been ill. The town folk do not share this belief. They say he is failing and point to the absolute lack of color in his face and the drawn expression as proof. But the old colonel just laughs and goes about his daily work as if nothing had ever happened to him.

Colonel S. A. Cheney the president's military aide, is handling all official matters here and he also has let it be known that he does not intend to intrude upon the first real week-end of rest the president has experienced since leaving Washington last June.

It is probable that President and Mrs. Coolidge will return to Swampscott on Tuesday, although the stay may be extended to last a week.

OSCAR HORNEY ENDS LIFE FRIDAY AFTER BEING DESPONDENT

Oscar Horney, 68, Jeffersonville, father of Ralph Horney, of the Upper Bellbrook Pike, near Xenia, committed suicide Friday by firing a rifle bullet into his mouth. Death was instantaneous.

Despondency as a result of being in ill health for several months prior to the shooting is believed to have led to the suicide. A coroner's investigation of the death resulted in a verdict of suicide.

Immediately before ending his life, Horney had written a four-page will on a tablet. His wife was away at the time, visiting relatives and he was alone when he fired the fatal shot. A close friend of the family, Miss Elizabeth Brown, was feeding chickens in the barnyard.

Mr. Horney is survived by his son, Ralph, near Xenia; one sister, Mrs. Jennie Yates, of Indianapolis, and one brother in Oklahoma. Funeral services will be held Monday afternoon at 2 o'clock at the Jeffersonville Church with interment in Jeffersonville Cemetery.

COST OF LIVING CONTINUES TO MOUNT IS SHOWN BY SURVEY OF LABOR DEPARTMENT

Washington, Aug. 15.—The cost of living continues to advance skyward. Figures made public today by the department of labor show the general level of wholesale price on 404 commodities rose 1.6 per cent in July as compared with June. This is the highest level reached since February, 1921. Comparing prices in July with those of a year ago, the figures show an increase of 8.34 per cent.

During July farm products showed the largest increases over prices in the preceding month, due to advances in cattle, hogs, sheep, cotton, eggs, hay, hides, milk, potatoes, tobacco and wool. On the other hand prices of corn, oats, rye, wheat, poultry, and onions averaged lower than in June.

In the food group there were increases for meats, butter, lard, oleo, cottonseed oil and oranges, which more than offset decreases for flour, coffee, corn meal, sugar, bananas and lemons, resulting in a small net increase for the group.

In the miscellaneous commodities group, continued advances in rubber prices brought the index number for July to a point four per cent higher than in June.

In the remaining groups prices showed little variation from those of the previous month, the tendency being upward for cloths and clothing, metals, chemicals and drugs, and downward for fuels, building materials and house furnishing goods.

During the year period the largest increase was shown for the group of miscellaneous commodities, which average 27.12 per cent higher. Farm

products were 14.34 per cent higher and foods 13.12 per cent higher. Cloths and clothing, fuels, building material, and house furnishing goods showed little change from prices a year ago, while metals were cheaper and chemicals and drugs were higher.

RE-APPOINT ROUSH ON EXAMINING BOARD OF COUNTY SCHOOLS

Re-appointment of A. F. Roush, superintendent of Ross Township Centralized Schools, as a member of the Board of Greene County School Examiners, was announced at a meeting of the County Board of Education Friday.

The board also went on record in requesting county school district superintendents to give careful attention and scrutiny to the teaching of history, both religious and otherwise, in the schools this year; biology, where it deals with the subject of evolution, and patriotic teachings in general.

Two transfers of territory were announced by the board for school purposes. The Ward grant farm from Springfield Township School District to the Xenia Township School District and the William Connolly farm from the Clifton School District to the Camillus Township School District, were the transfers made.

POSSES SEARCH FOR SLAYER OF COUPLE AT MUNCIE, INDIANA

Thought Revenge Move for
Turning Up Gerald
Chapman

Muncie, Ind., Aug. 15.—Armed posses of police and deputy sheriffs today searched the highways and byways of Indiana in vain for traces of George "Dutch" Anderson, wanted for the killing of Ben Hance and his wife here yesterday in revenge for their testimony which aided in sending Gerald Chapman to the death cell in a Connecticut prison.

Charles "One-Arm" Wolfe, pal of Anderson and Chapman, and named by Hance in a dying whisper as one of the two who shot him at his secluded farm home, is in custody.

But Anderson, declared by Hance to have been the real slayer, according to police, Anderson called the "master mind" of one of the most daring bands of bandits in many years, Anderson who tunneled under a fifty foot southern penitentiary wall to freedom cannot be found. His trail led to Yorktown, Indiana, and there faded as though he had disappeared in thin air. Chief of Police Earl Randolph of Muncie admitted today.

Anderson the chief asserted made no efforts to cover his trail to Yorktown. But once there, he disappeared completely.

Wolfe grilled for hours by police, maintained his innocence, despite the dying statement of Hance. "That 'Wolfe and Anderson got me." His wife also asserted that her husband knew nothing of the murder of Hance and wife, who were shot down in the farm home near Eaton, where they had been closely guarded by friends since they testified against Chapman in the trial at Hartford, Conn., which led to his death sentence.

XENIA MOOSE WILL CELEBRATE TENTH BIRTHDAY SUNDAY

Outing at Kil-Kare Park
Will Feature Observ-
ance Here.

Exactly ten years ago Saturday, August 15, the Xenia Lodge No. 1629, Loyal Order of Moose was instituted. Approximately 200 members of the lodge, their families and representatives from Dayton, Springfield, Wilmington and Blanchester will gather at Kil-Kare Park Sunday afternoon and evening in celebration of the tenth anniversary of the founding of the lodge.

A program of entertainment has been arranged by the committee in charge and preparations are being made to care for at least 200 people at the anniversary celebration.

Judge C. C. Burnett, of Pittsburgh, Pa., founder of the local lodge, will attend the celebration and be the principal speaker of the occasion, it is announced.

Harry E. Glenn, representative of James Davis, secretary of labor and prominent in the Moose lodge, will also attend the outing.

The program will begin at 1 p. m. A large class of candidates will be initiated at 2 p. m. with the Dayton degree staff in charge of the initiation exercises.

The entertainment committee is composed of William Foley, B. F. Eckert and C. W. Tindall.

BELGIAN QUEEN IS ORDERED ON VOYAGE

Brussels, Aug. 15.—Queen Elizabeth of Belgium was ordered today to take a long sea voyage. The court physician reported the Queen suffering from bronchial trouble.

The Queen and King Albert plan to leave early next month for a two months' trip to British India.

FINANCIAL FLYER ENDS IN DISASTER

Adventures in high finance of Wilbur Baker, 20, colored, Xenia, cost his mother \$150 in settlement while Baker was only released from the county Jail after suffering from his financial flyer failed to prosecute.

William Darnell, Wilmington race horse owner, told authorities Baker stole a \$100 certificate of deposit on the Citizens National Bank from him at the Greene County Fair last week. Baker said he found the certificate.

In the meanwhile he did this: Made a sixty cent purchase, forged Darnell's name and cashed the certificate at the Henry Norwaker grocery, Main and Columbus Street, accepting \$99.40 in change.

Off to Europe

MORTIMER L. SCHIFF

Mortimer L. Schiff, noted banker, sailed for Europe. His departure gave rise to a report that he has gone abroad in reference to the floating of a huge loan here by a European nation.

KU KLUX KLANSMEN AND ANTIS ENGAGE IN MORE RIOTING

One Hurt When New Dis-
orders Break Out In
East.

Millis, Mass., Aug. 15.—Eight hundred Ku Klux Klansmen and anti-klansmen engaged in a pitched battle here early today, the latest of a series of similar disturbances in Massachusetts this week.

Stones and clubs were used freely. One man was seriously injured and a score were bruised. State troopers, who rushed here by motorcycle broke up the battle.

No arrests were made. The name of the seriously injured man, a klansman, was not learned for his friends bundled him into an automobile and hurried him away. State troopers and the police dispersed the antis in one direction and the klansmen in another.

Klansmen, minus their white hoods had just completed a meeting in a field in the Stony Plain section of the town, police said, when the antis started to storm the klans.

Stones were flying as were clubs and hand to hand combat threatened when a call was sent for the police by telephone. Riding on their motorcycles into the ranks of the battlers the state troops ordered all to disperse.

Police formed a line and the klans automobiles left the field.

AMERICAN SWIMMER TO MAKE PRACTICE DIP

Cape Gris Nez, France, Aug. 15.—Miss Gertrude Ederle, young American girl, who will be the next woman to attempt to swim the English channel, planned to take her first practice dip tomorrow. She has not been in the water since her indisposition last week.

Miss Ederle now expects to make her attempt to swim the channel next Tuesday, starting here at 7 a. m.

HOUSE ROBBED OF \$50,000 IS REPORT

Syracuse, N. Y., Aug. 15.—Carrying a small house safe, robbers escaped with \$50,000 in cash, jewelry and securities from the residence of Albert Sobey, early today, according to the report Sobey, a restaurant man, made to the police.

The safe, according to Sobey, held \$800 in cash, \$5,000 in jewels and the remainder in bonds and mortgages.

CHARGES ERRORS AND NEW EVIDENCE FOUND IN RE-TRIAL EFFORT

Smith Says He Will Appeal
Case If Motion
Denied

Motion for a new trial was filed in Common Pleas Court Friday afternoon by Judge E. D. Smith, counsel for Frank Lee, 35, colored, convicted by a jury Thursday of killing a policeman in the execution of his duties.

With his guilt of shooting to death Patrolman Charles Simms determined by the jury Thursday, Lee must die in the electric chair for the crime unless a new trial or reprieve is granted. A recommendation for mercy was withheld by the jury.

In the motion for a new trial, Judge Smith declared the verdict was not sustained by sufficient evidence, was contrary to law and that new evidence has been discovered, material for the defendant, which the defense with reasonable diligence, could not have produced at the trial. The motion also avers Trial Judge R. L. Gowdy erred in his charge to the jury.

The motion is expected to be argued Monday by counsel in Common Pleas Court before Judge Gowdy. Sentence will not be passed upon Lee and the date of execution set until Judge Gowdy has ruled upon the motion.

Judge Smith announced Friday if the motion is overruled he will appeal the case.

Judge Smith has not conversed with Lee in the County Jail since the trial but notified him Friday the motion had been filed, and to "sit tight." Counsel told Lee he will get a reversal of the verdict if possible.

This message brightened Lee a trifle and instead of behaving like a doomed man, the slayer has assumed his old indifferent attitude, although never referring to the verdict.

Lee has never missed a meal since the verdict and refuses to be cast down by the jury decision. The convicted man is said to be relying in the old saying, "while there is life, there is hope." Lee whistles away his hours of solitude in his cell by catching up on his sleep.

AGENTS OF BELGIAN DEBT MUST AGREE ON SETTLEMENT PLANS

Commission Told Not To
Quit Conference Before
Agreement

Brussels, Aug. 15.—The Belgian debt commission now in Washington must reach a settlement of some kind with the United States. In an exclusive interview with an International News Service correspondent a high official of the finance ministry today said:

"We have called our delegates, instructing them to reach some sort of settlement. The Belgian government is not willing to quit the conference without arriving at a decision, as the Italians did."

Insisting that both the wartime and postwar debts, totalling \$480,000,000 would be paid, the finance ministry spokesman said:

"The rates of interest are the mooted points. We are willing to pay one percent on the \$177,000,000 war debts. The U. S. demands however, two percent."

"We offer two or two and one half percent on the post war debts but the United States wants four percent."

"We are, however, very hopeful that a satisfactory settlement will be reached on the subject."

TWO ARRESTED IN PROBE OF MURDER

Cleveland, O., Aug. 15.—Two men, believed by police to have been connected with Cleveland's latest mystery murder, today were being sought by the police.

On the arrest of these men, Detective Chief Cody based his hopes of finding the slayer of Maurice Goldman, gambler, whose body, hacked in seventeen pieces, with a knife, and an ice pick was found in Calvary Cemetery, just outside the city limits. Police think the slaying the result of a gamblers feud.

BIRTH RATE HIGH

Bucyrus, O., Aug. 15.—A death of 11:23 and a birth rate of 21.2 per 1,000 population during 1924 are shown by the records giving the official number of deaths at 443 and births at 684 in Crawford County last year.

THE FLOWING BOWL

London, Aug. 15.—Ellen Larkins, a 70 year old London woman, has just had her two hundred and eighty-first sentence for drunkenness passed upon her.

As in all previous appearances before the court, she told the judge that she was not drunk, but the magistrate, bearing in mind her previous convictions and that she has spent an aggregate of eleven years in homes for inebriates, fined her \$8.

MILK IS REQUIRED TO KEEP HEALTHY AND TO HAVE VIGOR

Here's our daily editorial:
"One's most precious possession is good health." Good health is yours for the seeking. The requirements are wholesome, plain food, avoidance of overeating and the use of intoxicants, plenty of pure water, fresh air, in the sleeping room, eight hours in bed, deep, open air breathing and exercise—AND PLENTY OF PURE, FRESH MILK.

Absence of worry, a definite aim in life and cleanliness of body and mind, round out the prescription. But you will keep the body clean if you're healthy and vigorous, and one of the prime requisites for good tissues and flesh-building is milk. And if you are healthy and your body clean, your mind will follow the right channels. Life—one's most precious possession—demands close study and justifies a heroic endeavor to get most out of it. Buy milk daily from the Xenia Milk Producers' Company and build up your valuable possession.

KEEP YOUR CLOTHES PRESSED AND NEAT TO BE SUCCESSFUL

Have you character or are you just a caricature?

Baggy trousers, soiled linen, stringy, unshaven face and dusty shoes—these are the place in the making of the caricature. But what self-respecting, keen and aspirant for business and professional success can emulate a caricature?

Correct appearance is essential now-a-days to befit the station you seek to fill.

Responsibility demands character—usually denoted by befitting attire and acquired by those who make this their creed.

"Dress Well and Succeed" slogans have filled the papers recently and are valuable in business circles. Not alone in business circles, though, but all walks of life. It does not mean that you must spend a lot of money on your clothes, but make wise purchases and keep them in good condition. Send your soiled and wrinkled clothes to the Xenia Dry Cleaning Company, and when you appear in public you will be dressed for a successful role in life.

RIGHT TONE NEEDED IN BUILDING THE DISTINCTIVE HOUSE

We do not have to create a castle to achieve the feeling of aloofness. A bit of clever scheming may accomplish wonders—scheming with the right building contractor, such as George G. Smith, South Detroit Street.

Imagination must go into the making of any home worthy of the name, otherwise we have four walls and a roof and nothing more. Half the charm of building is in planning for the future. A small house to be successful must possess that elusive quality known as liveableness. To this end we must plan wisely, using every device to make what space there is return to its highest value in usefulness and enjoyment.

Mr. Smith has been a contractor for a number of years and can construct a clever liveable home for you. He will be glad to furnish you with estimates at any time.

He not only specializes in homes and residences but in business houses

and larger structures. His ideas are commonsense and he will co-operate with you in building a structure that is different and fine.

EXPERT REQUIRED TO BUILD CORRECT SMALL TYPE HOUSE

Xenia cannot boast of her skyscrapers. Nor can she be proud of large mansions that fill each block and give a proud distant air to the city. Rather, Xenia is just a "homey" city with many attractive residences that are real homes.

The small house is the answer to the query for coziness and economy. But difficulties lie in bringing out the correct lines of a small house. For the really small house is just as much a planning problem as the very large one, yet the cost of its design must remain in much the same proportion to its own small cost.

So it finally becomes a specialty of an expert contractor to plan the correct small house. Such a contractor is W. H. Peterson, Xenia builder who knows his business. He has constructed a number of Xenia's pretty little homes and he realizes the popular advantages of small dwellings.

Much more attention should be paid to the diminutive dwelling. There must be fewer opportunities for poor ones to be done. A very small house, both inexpensive and beautiful should not be so difficult to build, if one employs a contractor with the experience Mr. Peterson has.

BUILD RIGHT FROM START BY USING THE HORNEY MATERIALS

Good taste in building, as well as in furnishing a home demands genuineness of materials. It is for this reason that Horney sand and gravel obtained from the Ralph Horney pit, West Second Street, is widely used by local contractors for handsome city residences, farm buildings and business structures.

There is no truer indication of that finer "sense of things" than the use of these fine materials.

When building your new home combine economy with beauty, comfort and convenience, provided by your architectural design from the ground up!

The excellent grade of sand and gravel, whether for buildings of moderate or high cost, enables remarkable savings, both by its proximity to local builders and good quality. Mr. Horney will deliver any amount of gravel or sand to any location in the vicinity by giving him a ring.

CONVENIENCE AND COURTESY STRESSED IN HALE TAXI LINE

The automobiles operated in the Hale Taxi service have several features that give considerable assistance in selling mileage to the public. The taxicab operator has become known as a mileage merchant and ability to sell mileage in the belief of Harry Hale, operator of the Hale line is dependent upon his ability to attract patronage.

Convenience is an important item to the passenger and the body construction and quick service of the Hale line accounts for its large patronage. The Hale line has the distinction of being the oldest in Xenia and Mr. Hale has held his customers through courtesy, convenience and comfort. He operates only the most comfort-

able cars and employs only courteous drivers. He solicits business at the Pennsylvania depot through official permission and takes care of all baggage of the traveler.

HAVE W. L. HALL DO YOUR REPAIR WORK ON MACHINERY NOW

W. L. Hall, welder and blacksmith urges every man who has any repair work to be done on his machinery to attend to the matter at once. He knows the common masculine failing of putting off a job from day to day.

He says that it will pay in the long run to have boilers mended or flues welded now, and that when the time comes and the machinery is needed the cost of the waste of time can be easily reckoned.

And the important part about having repair work done is that it must be good work or the time, expense and entire article to be mended are wasted and a new piece will have to be purchased. Mr. Hall has been successful in steam boiler repairing, boiler blue welding, light and heavy sheet metal work and other kindred work. His shop is located on West Second Street, in the rear of the Petz Grocery.

NIGHT FEATURES

COLUMBUS, O., Aug. 15—Director of Agriculture Traux announced a number of attractions for night visitors at the state fair here from August 31 to September 5. The stellar feature, it was stated, will be "Marching On," the diamond jubilee spectacle, picturing Ohio's material progress during the past 75 years. There will, also, be the night horse show at the Coliseum, band concerts and a vaudeville program.

OFFICERS ELECTED BY TURRELL UNION

Mrs. W. O. Custis, was re-elected president of A. C. Turrell Union, W. C. T. U. at the annual organization meeting which was held Friday at the home of Mrs. C. H. Ervin, West Market Street.

Mrs. C. H. Ervin was elected vice president; Mrs. T. H. Zell, corresponding secretary; Mrs. William Smith, recording secretary, and Mrs. Henry Dunkle, treasurer. Mrs. Zell and Mrs. Dunkle were re-elected.

Mrs. E. R. Carruthers and Mrs. Mary L. Collins of Chester, W. Va., a former president of the Turrell Union and also of the county union, had charge of the opening devotionals.

The union discussed the proposal to assist in the making of comfort bags for the soldiers, sailors and marines in service. The Red Cross has received a request for 36,000 of these bags for Christmas gifts and the union decided to contribute to making them. A committee consisting of Mrs. C. H. Ervin, Mrs. J. C. Marshall and Mrs. E. C. Moorman was appointed to have charge of the matter.

Mrs. Carrie D. Geyer, who is planning to sail October 1 for China, gave an interesting talk regarding missionary work in that country as she has heard of it in letters from her daughter Mrs. Earl Wilmott who with her husband, is stationed at Janshow where they are connected with Methodist missionary work. Mrs. M. R. Snodgrass gave a talk on civic government.

Announcement was made that the county convention of the W. C. T. U. will be held September 4 in the First Reformed church.

An interesting ceremony performed during the afternoon, was the dedication to the cause of temperance of Kenneth Robert, the five weeks old son of Mrs. Fred Haines.

The white ribbon was tied on the baby's arm by Mrs. Carruthers. Mrs. Mary L. Collins, also gave a short talk.

Hostesses of the afternoon were: Mrs. C. H. Ervin, Mrs. C. L. Babb, Mrs. Fred Haines, Mrs. Ben Chambers and Mrs. George C. Stokes. The union will hold its September meeting at the home of Mrs. David Lewis, East Second Street.

BRIDE-ELECT IS GIVEN SHOWER

Mrs. S. S. Early, Mrs. T. H. Middleton and Mrs. Charles Lewis, received seventy guests at the home of Mrs. Early on the Wilmington Pike, Friday afternoon for the pleasure of Miss Alma Conklin, whose marriage to Mr. Fred Fugate will take place Wednesday at the Elzevir church.

Baskets of gladioli and dahlias, beautiful specimens of those blossoms, were used throughout the rooms, their lovely colorings making a pretty background for the attractive summer gowns of the guests.

The affair was a parcel shower for Miss Conklin and the gifts which included a variety of useful and handsome household articles, were heaped on the dining room table. The guests occupied part of the afternoon in writing letters to the bride, which are to be opened when she is on her honeymoon. The hostesses served a salad course, and the punch bowl was a popular place during the afternoon. Miss Katherine Farquhar of Modoc, Ind., and Mrs. Rose Vandervort of Wilmington were guests from a distance.

BROTHER OF XENIAN TO WED

Mr. and Mrs. Mat Maranz of Dayton, are announcing the approaching marriage of their daughter, Miss Gertrude to Mr. Louis B. Gable, which will be celebrated at the home of Jacob, Dayton, Sunday afternoon, August 30. A dinner dance at the Miami Hotel ballroom will follow the ceremony. Mr. Gable is proprietor of the Gable Exclusive Linoleum and Window Shade Shop in Dayton. He is a brother of Mr. J. M. Gable of this city.

MANY GUESTS FOR DINNER DANCE

Reservations are being rapidly made for the country club dinner dance next Thursday evening, and more than one hundred persons are expected to enjoy the evening. Reservations are being received by Mrs. E. L. Smith and Mrs. James Wilson, members of the committee in charge of the evening. Jack Flotron's orchestra from Dayton will play.

BIRTHDAY SURPRISE FOR MRS. LAYCOCK

Reminding her of her birthday anniversary, a company of about twenty friends of Mrs. John R. Laycock surprised her at her home on Hill Street, Thursday night.

The evening was enjoyed by Mrs. Laycock and her family and the following guests: Mrs. Edward Meahl and their five children, Mr. and Mrs. E. E. Lighthiser, Mr. and Mrs. Alphonse Peterson, Mr. and Mrs. Isaac Evans, Mr. and Mrs. Howard Norris, Mrs. Frank Land and her son Norris Brown.

The Spring Hill Parent Teachers' Association will give a community supper Tuesday night, August 18, at 6 o'clock on the school lawn, it is announced. Every one is invited to come and bring well filled baskets, plates and silverware.

Mrs. Frank Land and her son Norris Brown, have returned to their home in Newark, after spending two weeks visiting Mrs. Land's parents Mr. and Mrs. Howard Norris of Hill Street.

Mr. Sumner S. Fess, son of United States Senator and Mrs. S. D. Fess of Yellow Springs, has bought the Greenfield branch of the Orman Motor Company and will sell Ford and Lincoln cars there.

Mr. Robert Hastings, Miss Mary Hastings and Miss Ruth Shaw of Chicago, who motored here and have been guests of Mr. and Mrs. Marvin Shaw of West Second Street, are expected to leave for their return trip, Monday.

The annual reunion of the Glass family will be held at the Ross Township High School, August 26.

ENTERTAIN IN VISITOR'S HONOR

Mr. and Mrs. Lucy Craig of the Lower Bellbrook Pike, entertained at six o'clock dinner Friday evening in honor of Mr. and Mrs. Thomas Dill of Salina, Kan. There were covers for the following guests: Mr. and Mrs. Dill, Mr. and Mrs. Henry Toms, Mr. and Mrs. Robert Dill of Mt. Holly; Mr. Robert Craig, Mr. Floyd McCoy and Miss Doris McCoy.

The annual reunion of the Peterson family will be held Saturday, August 22, at the home of Mrs. Emma Middleton on the Xenia and Wilmington Pike. Because of the inconvenient location members of the family decided to change the place of holding the reunions from the grove on the old Peterson farm where the reunions were held for half a century to the home of Mrs. Middleton, where a large shady yard forms an ideal picnic place. All members of the family connection are urged to be present at the reunion.

Mrs. Julius Trefftz (Eme Cretors) of Detroit and her mother, Mrs. C. F. Trefftz of Springfield, were in Xenia Friday. Mrs. Trefftz is visiting her parents in Springfield for several weeks.

Friends here have received word of the birth of a son, Gerald Keith, to Mr. and Mrs. John Nash of Dayton.

Mr. and Mrs. D. W. Cherry and children and Mrs. Sarah Harline, Mrs. Cherry's mother, from Tucson, Ariz., who have been spending a week touring in the east arrived home Saturday.

Mrs. F. E. Tilton, North Detroit St., is receiving a visit from her sisters, Mrs. A. H. Bennett of Washington D. C. and Mrs. F. C. Janton and son Bobby of Columbus.

The Messrs Calvin and Fred Ewry and M. C. Nagley of Cedarville have gone to Florida, expecting to remain there for some time.

Mr. and Mrs. O. M. Bush and children, Oliver, Jr., and Marian, of Marion, Ohio will arrive in Xenia Saturday evening to be the guests several days of Mr. and Mrs. John R. Beacham of Hill Street and other friends. They formerly lived in Xenia.

Mrs. Thomas Mangan and her son Bob, of Greenville, are spending a week here as guests of Mrs. Kern's brother and sister-in-law, Dr. and Mrs. Edward A. Kern of South Detroit Street.

Mr. and Mrs. C. W. Whitmer and Mr. and Mrs. H. H. Dice of Hill Street, are expecting to start Monday on a two weeks' motoring trip in Ohio.

Mr. C. Raper Harness of this city, has been made manager of The Kroger Grocery and Baking Company in Ft. Wayne, Ind., and took up his new duties last Monday.

Mr. J. B. Rife of Clifton, member of the Greene County board of education is able to be about while convalescing from a serious surgical operation performed at the McClellan hospital a number of weeks ago.

Mr. and Mrs. Lawrence Kennon of Cedarville have returned from their honeymoon trip and will visit with Mr. and Mrs. D. M. Kennon in Cedarville until they go to Cleveland where Mr. Kennon will teach in the public schools the coming term.

Miss Margaret Leach, matron at the Girls' Industrial School at Delaware, will return home Saturday after having been the guest of Mrs. Howard Norris of Hill Street.

Miss Katherine Farquhar of Modoc, Ind., has returned home after being the guest of Miss Alma Mendenhall of the New Burlington Pike for a week.

Mrs. Ella Duthie Miss Jean Duthie and Miss Ruth Williams are returning to their home in Indianapolis after visiting with relatives and friends here.

Mrs. I. Q. Jordan and her daughter, Mrs. Mildred Haines and the latter's son Jordan, are spending the week end as the guests of Mr. and Mrs. W. O. Custis of South Detroit Street.

Mr. and Mrs. J. A. Eyler of Omaha, Neb., are visiting Mrs. William Eyler of Leaman Street, for the week end. They will also visit other relatives while here.

Owing to the absence of the pastor, Rev. A. J. Furstenberger, services for the United Brethren congregation will be conducted Sunday by the Rev. Mr. Phillippi of Dayton.

FIVE CHILDREN OF FIRST PASTOR ATTEND OPENING OF CELEBRATION OF U. P. CHURCH

With five children of the first pastor present, the three days celebration of the diamond jubilee of the United Presbyterian Church at Clifton, opened Friday.

Descendants of the little band of Christians who formed the congregation three quarters of a century ago, were among the 250 persons who gathered on the church lawn for the opening program. A picnic dinner served at long tables opened the celebration and afterward the seventy-fifth anniversary program was rendered.

Among the prominent persons taking part in the program were the Rev. R. T. Campbell, D. D., president of Sterling College, Sterling, Kansas, and William Campbell of New Wilmington, Pa., sons of the Rev. W. A. Campbell, who was first pastor of the congregation after it passed from the control of the Free Presbyterian Church, into that of the United Presbyterian Church.

Former pastors and ministerial sons of the congregation also took part in the program. Four former pastors of the congregation are living and three of them are present at the celebration. They are: the Rev. H. Rose Hume, now pastor of Greenville United Presbyterian Church, Canonsburg, Pa.; the Rev. E. E. Davidson of Ingram, Pa.; and the Rev. E. G. McKibben of Rushville, Ind. The Rev. C. M. Ritchie, D. D., pastor of Herron Hill United Presbyterian Church, Pittsburgh, was unable to attend but sent a letter which was read Friday afternoon.

The program was opened with devotions led by the Rev. H. Rose Hume who also gave a short greeting to the assembly. Talks were made by the Rev. Lee Rife of Philadelphia and the Rev. Paul Ferguson of Tranquility, O. Ministerial sons of the congregation: the Rev. C. C. Kyle and the Rev. H. J. Kyle of Cedarville; the Rev. E. G. Davidson of Ingram, Pa.; the Rev. E. G. McKibben of Rushville, Ind., and others.

An unusually interesting feature was a history of the church, the early part prepared by the first pastor, the Rev. W. A. Campbell, and brought up

to date by George Rife of Cedarville. The Rev. J. H. Kyle read the early history, and Miss Carrie Rife, principal of the Cedarville High School, read the latter history.

The Clifton church was an outgrowth of the split in the Presbyterian Church which occurred over the question of slavery in 1845. When the General Assembly of that denomination in session at Cincinnati, voted that "domestic slavery was no bar to communion," the church divided into the northern and southern sections. The Free Presbyterian Church was the name used by those opposing slavery. The Clifton church was known as The Free Presbyterian Church of Miami. The Rev. A. L. Rankin was pastor of the church when it was under the charge of the Presbyterian Church. Later the congregation was supplied by the Rev. Mr. Gordon of Yellow Springs. His health failed and he was obliged to give up his work with the result that the Clifton Church was without a pastor and the congregation dwindled to eleven members. It was at that time in 1859 that the remaining members voted to ask the Xenia Presbytery of the United Presbyterian Church to accept it into that communion. The request was granted. Under the first United Presbyterian pastor the church began to flourish, and its prosperity continued.

Besides his two sons, three daughters of the Rev. Mr. Campbell are attending the seventy-fifth anniversary celebration. They are: Mrs. Graham of Richmond, Va.; Mrs. Donaldson and Mrs. Donthett.

The Rev. J. G. C. Webster, pastor of the church, presided at the opening program. A preparatory service was held at the church Saturday afternoon when the sermon was preached by the Rev. E. R. Davidson.

The communion service will take place at 10:30 Sunday morning, when the Rev. R. T. Campbell D. D. will preach the sermon. An alumni meeting of the Christian Union will be held at 7:30 p. m. presided over by Miss Carrie Rife of Cedarville.

NEW TRAFFIC SIGNAL IS PLACED IN USE; MOTORISTS GIVEN SCHOOLING

Motorists will testify to life trials and tribulations involved in accustoming themselves to the new stop and go traffic regulating system installed at Main and Detroit Streets.

Installation was completed Friday and the campaign was begun to educate the motoring public to the red, amber and green signs denoting "stop, caution and go."

The campaign of education has been placed in charge of Motorcycle Policeman Peter Shagin.

Confusion as a result of the new system was the order of the day Friday and Saturday. The "traffic cop" stops each motorist making the wrong turn at the wrong moment and courteously interprets the system.

Police gave these pointers on the new system:

Red light, facing the motorist means stop at the intersection. The amber light means be prepared to drive ahead. The green light means go ahead.

Motorists faced with the green light desiring to make a left hand turn, should pull up to the traffic post on the inside and stop. When the amber color shows, the driver may then proceed around the post. Motorists should remember to pull up on the inside that traffic in the rear may pass them on the right and proceed straight ahead.

Motorists should not make a right hand turn when confronted with a red light. Come to a full stop and make the right hand turn when the amber color shows.

Pedestrians should observe the same rules as the motorist in crossing the intersection. Heeding these instructions will assure the pedestrian perfect safety in crossing the street.

The stop and go system will be in effect every day in the week except Saturdays and Sundays between the hours of 5 p. m. and 9 p. m., the

hours of heaviest traffic. On Saturdays and Sundays the system will be in use between 12 m. and 9 p. m.

During the other hours the amber light will flash at regular intervals, denoting caution only when crossing the intersection.

The use of the amber color as a flash beacon when the change system is not in use, is thought an innovation in methods. Because the plan is different from that in general practice, motorists must learn that when the signal is flashing on and off, it is not under change control and there is no necessity awaiting the red or green light.

The system will be operated on a standard ratio of thirty seconds red, five seconds change and thirty seconds green, the same on both Main and Detroit Streets.

IZAIAK WALTONS TO ORGANIZE AT MEET

Permanent organization of the Greene County chapter of the Izaak Walton League of America, will be

RECREATION ASSOCIATION REPORT SHOWS NEED OF FUNDS TO COMPLETE CITY PARK

T. H. Zell, president of the Xenia Recreation Association, is mailing copies of a financial statement to all members of the organization whose pledges of money are helping to make the new Shawanese Park in the Dadds Addition, possible.

The park fund has been depleted and the statement shows the condition of the receipts and expenditures, what has been accomplished in preliminary development work to date and what should be done this year, if funds would permit.

"It may be that you have not paid your pledge," says President Zell. "If not you can readily see from this statement why you should pay at once." Following is a recapitulation of receipts and expenditures:

Receipts
Balance in bank, January 1, 1925 \$ 90.93
Pledges paid 5,118.16
Borrowed from bank 1,250.00
Total \$6,459.09

Expenditures
Pay roll, labor and teams \$5,121.33
Paid on notes in bank 870.00
Misc. material and rent of machinery 465.74
Balance in bank August 5, 1925 2.02
Total \$6,459.09

Statement of Financial Condition
Outstanding bills \$451.93
Due bank 380.00
Total \$831.93

To offset this debt we have unpaid pledges amounting to \$591.25 which still leaves a deficit of \$240.68 not covered by pledges. Thus you see the importance of the prompt payment of outstanding pledges and the necessity of raising an additional \$240.68.

President Zell says: "The board of directors gave considerable thought to the advisability of contracting a debt not covered by pledges, but it was decided it would be good business to finish excavating the lagoon while the machinery was on the grounds."

"It will still take \$500 to level the ground around the lagoon, plant seed and finish tennis courts, make a shallow excavation above the east bridge for a lily pond and keep the grass cut the remainder of this year. This program should be completed this year."

"Things we have accomplished up to this time are: clearing the land, formerly a swamp; using 2,400 feet of drain tile and ditching; taking out underbrush; leveling and grading, and seeding with grass; building three bridges and opening roads by grading with graders; moving 12,000 cubic yards of dirt to form the lagoon; grading tennis courts; and

planting some shrubbery and flowers. This last item was largely the work of the Garden Club.

"In closing it seems to me that a word of thanks should be included to Frank Dadds, who sold the land now occupied by the park and consisting of about fifteen acres, to P. H. Flynn at a price much below its true value. Also to Mr. Flynn for so willingly furnishing the \$1,500 to buy the land, and also our local newspapers, which so freely contributed through their columns, to the success of this enterprise."

"I feel that some day Xenia will have a very beautiful and valuable park. Let's finish the work this year."

A party of young folks consisting of the Misses Ruth Galliger, Rita Kennedy and Betty Montague and Neil Donovan, Phillip Campbell and Forest Galliger were chaperoned by Mrs. Harry Donovan for a week's outing at the Big Four Camp.

Mr. and Mrs. Carl Ervin, Mr. and Mrs. Robert Collins and son and Mr. and Mrs. Grover Crawford and two children, returned home Saturday after spending a week at the Fisher Cottage along the Little Miami River near Oldtown.

Lucrета Garfield Tent, Daughters of Veterans, will hold its regular meeting Monday evening at 7:30. Important business is to be taken up and a good attendance is desired.

Dr. Lawrence Shields is leaving Saturday night for Chicago, and after a few days in that city will go on to Los Angeles, Cal. He expects to spend about two months in California visiting his sister and brothers and other relatives. Mrs. Shields and her mother, Mrs. Mary A. Kinney, will stay some time longer in Sharon, Conn., where they have been guests at the summer home of Mr. and Mrs. William H. Kenyon.

CHICAGO, MURDER CAPITAL.

CHICAGO is in the throes of a chronic crime wave. It has had 227 murders this year up to August first, and if this rate is kept up the killings in that city will total 391 for 1925, or more than one for each day.

This is more than distressing. It is horrifying. There is nothing approaching it in depravity elsewhere in all the civilized world, or for that matter in the uncivilized world.

Human life is cheap in Chicago and, sad to say, it is cheap in all American cities, although Chicago leads in murders as it does in some other things. There is this to say, however: in some of the important racial stocks, the behavior of the people is not much worse than it is in their native lands.

This is observed when it is noted that two racial stocks, that together make up only ten per cent of Chicago's population, so far this year furnished sixty per cent of all the murders. But the remaining ninety per cent of the population has a record which is far worse than it should be, although not as bad as it seems in a superficial study.

There must be, there are, remedies. The people do not propose to yield their civilization to thugs and bandits.

The Chicago idea is that murders may be checked by authorizing the police to shoot killers on sight. This remedy, if applied with unerring intelligence, may check banditry, but who is foolish enough to think that Chicago policemen would apply death penalties with such sound discretion? Many an innocent man would be a victim of their bullets.

In any event, the killing of a score of gunmen would not put an end to the Chicago murders, because by far the greater number of these are not the work of highway robbers.

But the evil can be abated. Let there be a searching of hearts. Let every good man obey the law. Let the judges, the juries, the prosecutors devote themselves earnestly to blotting out crime. Let the punishments be sure, swift and heavy, but let them not be imposed in fear or petulance. Let maudlin support of crime be regarded itself as a crime. Let there be a stiffening of the public conscience. Let good citizens get together.

When the machinery of justice is purified in Chicago, when self-seeking greed is chased from the courts, almost automatically the undermining of civilization will cease so far as this evil is concerned.

THE RICH LITTLE POOR GIRL

We wonder if the New York millionaire who has adopted the poor young girl and proposes to give her all that wealth can buy is doing her a real kindness. We wonder if the fairylike change in her condition in life will make her a happier woman. It is a real question and it is not definitely answerable because, while one may watch her career as a rich girl and draw one-sided conclusions from it, one cannot tell for sure what her life would have been like if she had remained a poor girl. It all depends upon herself, for external conditions do not amount to very much.

Poor boys and, more and more in these later years, poor girls probably stand the better chance of happiness in life, though often it may not seem so to the struggling youth. The reason is that they have the great incentive of necessity to work and strive to be somebody. The door of opportunity is not closed to them but wide open if they will put forth their own efforts and putting forth their own efforts is not only beneficial to them but enjoyable. With good health and a reasonable measure of good luck any ambitious young person can obtain an education and a chance and the fact that he or she had to work for the chance is no disadvantage when it comes time to seize it.

We hope the generous millionaire's adopted daughter will have a good time with her fine clothes, her new car and all her other new things and not be spoiled by them but we don't believe the bright, healthy, ambitious poor girls whom Mr. Browning did not adopt have any real reason to envy her wonderful fortune. They have as good a chance for happy lives as she, though they may not realize it now. When they are 50 years old, instead of 16, we shall ask them how they feel about it.

JUST FOLKS

Edgar A. Quost

THE KING AND THE STATE
And the king said: "I am greater than all.
I have power, I have servants to come at my call.
I have statesmen and ministers here at my gate,
And my wise men have whispered that I am the state!"
"You are the state," said the fool, "in all things except one.
You must sicken and die, but the state shall live on."

This bothered the king, for grim death seemed remote
And he answered the fool with a curse in his throat:
"Do you mock at my power? I can order you death."
"Very true," said the fool, "but once taken my breath,
Should you wish me once more to re-

turn to your room
In vain your commands would resound in my tomb.

"God has made you the king, God has made me the fool,
But life shall go on when our blood shall grow cool.
There are babies unborn, who shall play 'neath the tree
Which neither your eyes nor your children's shall see.
And the power of your crown, which so proudly you boast
You shall find at the last was but brief at the most."

"You shall ache and turn pale, you shall whimper and sigh
And at last as all men you shall sicken and die.
Old age shall afflict you and crush with its weight
But Time shall add beauty and strength to the state.
Renewed in its youth, ages after you're gone,
The state, mighty king, shall go flourishing on."

OVER THERE AND OVER HERE

1905-Twenty Years Ago-1925

The receivers recently appointed to examine the books of the Yellow Springs bank, which closed its doors July 13, completed work Wednesday and a dividend will be paid next week.

William Zimmerman of the Fleming Drug Store is enjoying

a week's outing at Sulphur Lick.

The London board of municipal affairs has selected W. B. Hill, Xenia, as superintendent of the London electric light plant.

Supt. D. E. Crow of the workhouse, is spending a week or ten days enjoying a summer vacation at Lakeside, O.

erstick the president of the club read an appropriate article on the death of a young girl as a memorial to Miss Mary McCray, deceased, formerly a resident and teacher of Zimmerman.

Dainty refreshments were prettily served by Miss Ferguson and Miss Alice Stewart, yellow and white being the color scheme used.

The September meeting of the Club will be held at the Rest Haven Park west of Zimmerman.

Mr. and Mrs. Homer Koogler, Mr. and Mrs. Russell Koogler and baby son Forrest, Crawford Coy, wife and son Kenneth and Mrs. Sam McCray and son Carl of Belmont, spent Sunday at Springfield, the guests of Mrs. McCray's sister and brother-in-law.

A typographical error appeared in the Zimmerman news last week when we were made to say that Mrs. A. D. Wenrick and son Ralph and Mrs. I. M. Coy had returned from a motor trip to Canada. We wrote Colorado which was their destination.

Lawrence Snyder and family of Barrs Station left Sunday on a motor-camping trip to Maryland to visit his father Albert Snyder.

Mr. and Mrs. I. M. Coy, Mrs. D. C. Coy, Mrs. Frank Koogler and Mrs. H. C. Haverstick attended the summer assembly of the Church of the Brethren at Ludlow Falls, Thursday.

Mrs. G. G.: "Some time ago, Mrs. F. L. B. asked for this recipe, which I happen to have: Italian Fish Cappone. (Note: In Naples some fishes are cooked in a certain way and served by a dipper, the dipper being called 'cappone'. Put one cup of shortening into a stew pan, add five or six large sliced onions and let cook slowly till tender, then add the fish, season with a little salt, pepper, sage and parsley and boil slowly for about fifteen minutes, adding a little water if necessary. Serve hot. Either cod, eel or scup may be cooked in this way."

Mrs. R. R.: "One of our reader friends asked for the following recipe Head Cheese: Wash a pig's head, cut out the eyes, scrap out the ears, singe off the hairs, then pour boiling water over it and let stand 20 minutes. Rinse in several waters. Now boil it in water to cover until the meat drops from the bones, then pass the meat through a food chopper. Put it back into the kettle and if too thick add enough additional hot water to make it the consistency of jellied chicken. Heat again but do not let it boil a second time. Season with ground cloves, salt and pepper to suit individual taste, turn into a mold which you have rinsed out with cold water but not dried, and put on the

ice to chill. This is the Canadian way of baking head cheese."

Mrs. G. A.: "Inexpensive Sponge Cake: Beat the yolks of four large eggs till light with one cup of granulated sugar and three tablespoons of cold water. Sift one cup of flour with a pinch of salt and one teaspoon of baking powder three times and add to the first mixture. Beat the four egg-whites stiff, adding to them one teaspoon of lemon or almond extract, then fold these into the batter. Bake from 30 to 45 minutes in a moderate oven in a well-greased and floured angel-cake pan (which has a spout in the center). The batter will seem a little thin before baking but do not add more flour to it. Sometimes I use six small eggs instead of the four very large ones."

M. T.: "My Ginger Cookies: Mix together one and one-half cups of molasses, one cup of brown sugar, one cup of coffee, one cup of soft shortening, two teaspoons of baking soda, one teaspoon each of ground ginger, cinnamon, cloves and nutmeg, the grated rind of one orange, and flour enough to roll (sorry I can't say just how much!) Bake eight minutes in a quick oven."

ZIMMERMAN

Eighteen ladies of the Community Club were delightfully entertained at the home of Mrs. George Ferguson, August 5. Nature sketches were read by several members, Mrs. H. C. Haverstick.

WAS NOT FIT
TO DO HER WORK

Dreadful Condition of Mrs. Fullerton's Health Remedied by Lydia E. Pinkham's Vegetable Compound

Clearfield, Pa.—"I cannot begin to tell you how much Lydia E. Pinkham's Vegetable Compound has helped me in every way. Before taking it I couldn't stand on my feet without pains running all through my whole body from my waist down, just like threads pulling. I was not fit to do any work. My mother got me to try the Vegetable Compound and I have found great benefit, and I not only recommend it for such troubles, but to build up the whole system. I have used it for most everything that gets wrong with me. When I begin to feel nervous and irritable I don't stop long in getting a bottle of the Vegetable Compound if I haven't got one in the house. It gives a fine appetite and makes a new woman of me. You may use this testimonial in my own town or anywhere else, and I will answer any letters I receive."—Mrs. RUSH FULLERTON, 525 S. 2nd Street, Clearfield, Pa.
If you are suffering from nervous troubles, irritability, give the Vegetable Compound a fair trial. For sale by druggists everywhere.

TRIBUTES

I like the idea of paying tributes to those who have given something to the world from their very life blood. No have suffered, sacrificed and lived a career of privation that what they gave might have vitality, beauty and immortality.

An so I am not quick to condemn the expression of such a man, for I would rather praise it.

I recall the great controversy over the Lincoln bronze by George Gray Baynard which now stands in a little park just outside the business centre of Cincinnati. People said that it was untrue and grotesque. But to my notion it remains the greatest heroic bronze in all America. I can never stand before it without being thrilled. It is as though greatness could speak from the cold and lifeless mass before you.

And now recently another artist has expressed himself in his work by a tablet to the great naturalist W. H. Hudson. It has been placed in Hyde Park, London. This work is freely carved from Portland stone by Jacob Epstein, an American-born Polish Jew.

The tablet represents a nude female massed in the centre of conven-

tionized birds. It is supposed to depict the little "Rima," the bird-woman so beautifully portrayed by Hudson in his lovely book "Green Mansions."

I am a great lover of Hudson and especially of his book "Green Mansions." But I must confess had I been an artist and been commissioned to make a tablet to the memory of this writer I would not have done what Jacob Epstein has done. But then I am not Jacob Epstein!

A great storm of protest has arisen in England over this work and they have tried to get the House of Commons to do something that it may be removed. But the calm man is the artist himself. He says: "I did not undertake to illustrate Hudson's 'Green Mansions.' I made a separate creation."

The great crime of this artist seems to have been that he did something that wasn't expected, that he spent eighteen months laboring over something that meant expression to him and not what the vote of the crowd might want.

I hope that the tribute remains where it has been placed. It will make people think. That's what tributes are for.

BOUNTIFUL CROPS IN OHIO PRESAGE ERA OF PROSPERITY FOR FARMERS OF STATE

Columbus, O., Aug. 15.—A corn crop of 176,800,000 bushels! A wheat yield of 26,000,000 bushels and an oats harvest of 71,000,000. This estimate of Ohio's bountiful crops for 1935, was made today by Statistician West of the State-Federal Crop Reporting Service.

"If weather and other conditions continue favorable," said West, "Ohio will gather record breaking crops this year."

If conditions remain favorable, the 1935 Ohio corn crop, West estimated, would exceed the big crop of 1912 by

NINE COUNTIES TO SEE HEALTH SHOWS IN OHIO THIS YEAR

Columbus, O., Aug. 15.—Not more than nine county fairs will be favored with health exhibits sponsored by the Department of Health this year, according to an announcement made by the State Health Department today.

Those county fairs so favored, however, will see a complete and wholly self-contained display that should go far in carrying the various messages of health education to the people of Ohio, the statement said.

The county fair at Zanesville will be the first to see the health exhibit, beginning on August 18.

The entire week of September 1 will be spent at the State Fair here. Other exhibits will be at London, Aug. 25; Van Wert, September 3; Columbus, September 15; Anguize, September 22 and Eaton, September 29.

The exhibit, transported in and operated from Reo truck is attractive and complete in every particular. The truck with black base and wheels has a cream colored body, with the seal of Ohio and the arrow heads denoting state ownership, on both side panels. On both sides there are the inscriptions "Ohio Department of Health" and "Maternal and Infant Welfare Exhibit."

The truck is equipped with an electric generator of 110 volts capacity, and will carry a moving picture machine and the booth to house it, many moving picture films, placards, posters, literature and other material essential to the success of such a venture.

Dr. H. E. Kleinschmidt, chief of the new bureau of Health Education will have charge. Keith Loudon, mechanic and motion picture operator, will drive the truck and operate the equipment.

OLD PATENT FILED

MANSFIELD, O., Aug. 15.—A patent, issued by the U. S. government and signed by President John Quincy Adams, dated 1825, has been filed for abstract in the county recorder's office here. The patent, held by the Devoe family, Plymouth, describing 86 acres of land, is of sheepskin and has been in the same family 100 years.

INDIAN CUSTOMS TO BE PERPETUATED

Chicago, Aug. 15.—Customs and ceremonials of the Potawatami tribes that once ruled Chicago and vicinity will be perpetuated in the Field Museum of Natural History as the result of collection and research just put under way.

As the first step in the plan for preserving as completely as possible the life of these tribes, the Potawatami, Fox, Winnebago, Kickapoo and Ojibwa reservations of Kansas, Iowa and Nebraska will be visited and searched for representative articles of domestic and ceremonial life and weapons of warfare and the hunting grounds. M. G. Chandler, an experienced collector of Indian ethnology and a descendant of John Elliott, the "Indian Apostle," is in charge of this work.

Chandler first plans to visit the Fox community at Tama, near Cedar Rapids, Iowa, then to the Potawatami reservation at Mayetta, Kan., and later visiting the Winnebago reservation at Winnebago, Neb.; the Kickapoo and Ojibwa settlements.

Bead and porcupine quill work, woven bags, costumes of all sorts, weapons, utensils and medicine bundles and other ceremonial paraphernalia will be obtained by Chandler.

FISHING GOOD? HERE' REAL YARN

Mansfield, O., Aug. 15.—Who said fishing wasn't good in Ohio? Here's a real fish yarn.

A number of local fishermen who have been enjoying the angling sport

in lakes around this city and in Canadian waters, met in Yunkers' sporting goods store here and compared notes.

G. M. Rife of Lexington, reported catching a 12-inch pike in Long's Lake.

Irl Eason got a 4 1/2 pound bass, 21 1/2 inches long, in Mifflin Lake.

F. B. Long of Shelby, just back from Trent River in Canada, reported catching a 5 1/2 pound pickerel and a 1 1/2 pound muskellunge.

Dr. M. L. Long, who accompanied Mr. Long, reported he got four good sized muskellonges in one day.

TWO DOZEN SNAKES TAKE ANESTHETIC

Elyria, O., Aug. 15.—Here's a snake the gas well cover and air, rushing

story. It involves a lot of gas. However, it's a real snake story—decidedly realistic to C. J. Miller, farmer, residing north of here.

Miller was startled by a hissing sound when he went to inspect his gas well the other day. He thought, at first, it was escaping gas. Investigating, he discovered an animate mass of something issuing from the exhaust. He began wielding a club. When he finished, he counted twenty-four slimy, striped snakes, each about 2 1/2 feet long.

Friends have offered this theory as a plausible explanation for the unique situation: The snakes, about a year ago, went to the well for a gas anaesthetic—a narcotic kick. A gas leak enlarged, keeping the reptiles under the anaesthetic until, by virtue of a number of litters, this particular snake family aggregated several dozen. While investigating, Miller opened

in, enabled the snakes to live up and escape.

Smith has the twenty-four snakes on exhibition.

MAC MILLAN PLANE OUT OF COMMISSION

WASHINGTON, Aug. 1.—One of the three naval seaplanes that accompanied the MacMillan Arctic expedition, the NA-2, has been put out of commission, the navy department was advised today in a radio report from Lieut. Commander R. F. Byrd.

Heavy pounding of the water in the choppy harbor at Etah sprung the seams in the ship flooding two forward compartments with water and the plane almost sank before it could be hoisted aboard the Peary.

TEN ARRESTED

Columbus, O., Aug. 15.—Ten persons were arrested early today when officials, headed by Sheriff Walter Camp, raided the Walnut Heights club house, better known as "The Woods," about seven miles south of here. Charges of operating games of chance and with gambling were lodged against the prisoners.

BRYAN TO REMAIN

ATHENS, O., Aug. 15.—Dr. E. B. Bryan, president of Ohio University here, who resigned last June, effective September 1, next, has announced his intention of remaining until the board of trustees can pick his successor. Dr. Bryan is returning to private life after 20 years' service as chief of three universities.

This is LEADERSHIP!

Still Greater Quality! New Lower Prices

While the motoring public admires the Chrysler Six as the most phenomenal car ever built, Walter P. Chrysler announces notable improvements in quality—of materials, of performance, of craftsmanship, of equipment, of design.

Greater Power—Increased cylinder bore resulting in approximately 10 per cent more torque, giving 70 miles per hour with greater ease and quickness than ever before.

Faster Acceleration—5 to 25 miles in 7 seconds, power enough to climb the steepest grades and pull through deepest mud or sand, from refined power plant with a still larger crankshaft of 50 per cent greater torsional rigidity.

Remarkable Fuel Economy—Carburetion improved to deliver 20 and more miles per gallon of gasoline, notwithstanding increased power and faster acceleration.

Improved Rear Axle—Ring gears and pinions are larger; differential carrier heavier to handle increased engine power.

Distinctive Color Combinations—Body colors, in duco, are the most attractive and tasteful ever offered. Chrysler-designed, Fisher-built closed bodies are further refined; attractively low and gracefully rounded.

Extraordinary Equipment—Chrysler equipment is of a quality and completeness rarely found on any car—even the highest priced. It includes Purolator, which filters all dirt from crankcase oil as the motor runs; Watson Stabilizers, the most efficient and most costly device of its type to absorb the shock of road irregularities; air-cleaner, which removes all road dirt and dust from air entering the engine; thermostatic control of water heat for most efficient operation; Chrysler-Lockheed hydraulic four-wheel brakes which provide utmost safety control; Spartan "SOS" electric horn; duco durable body finish; balloon tires.

Two years ago, Chrysler predicted that the Chrysler Six would change the whole trend of motor car design, engineering, manufacture and equipment.

Today the industry is celebrating as advanced improvements features which Chrysler introduced and which made the Chrysler Six the outstanding quality car in all the world.

Today, while others proclaim Chrysler Six features of two years ago, Chrysler strides forward to new limits of quality, of performance results, of advanced engineering.

Chrysler Six owners the world over do not forget these truths:—

Two years ago, Chrysler pioneered the compact, roomy car, combining comfort and ease of riding, without wasteful weight or extravagant size.

Two years ago, Chrysler introduced a new ratio of horse-power per pound of weight. The Chrysler Six is today the only car in the world which gives a speed of 70 miles per hour and more, combined with gasoline economy of better than 20 miles per gallon.

Two years ago, Chrysler created the first double-tone color combinations and re-created American taste in motor car finish.

Two years ago, Chrysler pioneered Purolator—the oil-filter which cleanses your crankcase oil as the motor runs.

Two years ago, Chrysler advanced an entirely new design in bodies, and today

Chrysler-designed closed bodies are all executed by Fisher.

Two years ago, Chrysler initiated the four-wheel hydraulic brake trend. The Chrysler Six was the first car to have, as standard equipment, these self-equalizing brakes of super-safety.

Two years ago, Chrysler Six provided, as standard equipment, the air-cleaner which keeps dust and dirt out of your engine.

Two years ago, Chrysler gave thermostatic control of motor heat to assure greatest working efficiency.

Two years ago, Chrysler eliminated side-sway by a new method of spring suspension exclusive to the Chrysler Six.

Today, the new developments initiated by Chrysler quality have not yet brought any other car abreast of the Chrysler Six of two years ago.

And meanwhile, Chrysler has developed new measures of manufacturing fineness, new features of extraordinary equipment, new superiorities of performance and new standards of riding and driving ease now available in the new Chrysler Six at new low prices.

Discriminating buyers are naturally refusing to go back to the Chrysler standards of two years ago. They seek the Chrysler standards of today. That is why Chrysler sales are reaching new high peaks each month.

The New Chrysler Six Prices

The Phaeton	\$1395	The Royal Coupe	\$1795
The Coach	1445	The Brougham	1865
The Roadster	1625	The Imperial	1995
The Sedan	1695	The Crown-Imperial	2095

The Chrysler Four—Touring Car, \$895; Club Coupe, \$995; Coach, \$1045; Sedan, \$1095. All prices f. o. b. Detroit, subject to current Federal excise tax.

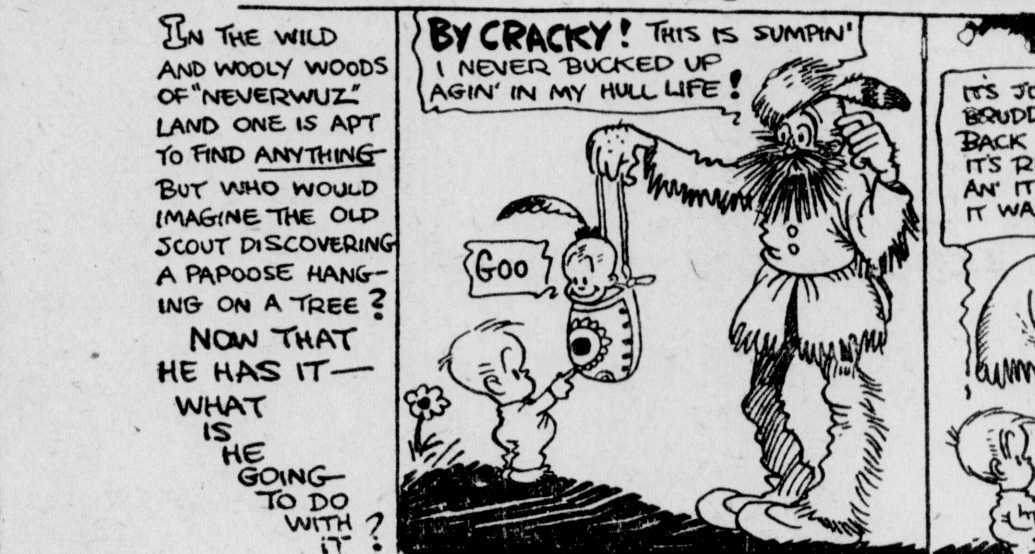

We are pleased to extend the convenience of time-payments. Ask about Chrysler's attractive plan. Chrysler dealers and superior Chrysler service everywhere.

Cleaning Up

E. C. YELLOWLEY

Under the personal direction of E. C. Yellowley, chief of general prohibition agents, one thousand raiders are busy closing the bootlegging places in New Orleans.

TWENTY OHIO SHEEP MEN EXPLAIN HOW TO MANAGE FLOCK

How 20 sheep men in Morgan and Noble Counties manage their flocks is the main subject of a bulletin just off the press at Ohio State University.

This bulletin, written jointly by the department of animal husbandry and the department of rural economics, deals not only with the practices of these farmers who make sheep raising their principal business, but also explains in detail the man's sheep parasites in Ohio and tells how to combat them.

In explaining some of the results of the survey the bulletin says in part: "About two-thirds of the income on these farms was from sale of wool and one-third from sale of sheep and lambs. Since lambs have been higher than the general level of farm prices, the men who had the most lambs to sell made the most money and had the lowest wool costs. It was found that a flock of ewes that produced a crop of lambs made returns of three to four times that of the wethers at but twice the expense."

Other subjects taken up in the bulletin are that more lambs for each flock mean greater returns; that heavy fleeces lower costs; that timothy is a poor feed for sheep; and that larger flocks reduce the labor costs for each sheep.

The bulletin is now being distributed at county fairs throughout the state at the University sheep exhibit and it may also be obtained by writing to the University for it.

FARM HAND ADMITS ROBBERY FOLLOWING ARREST

Orlo Suttles, 35, of near Cedarville, is in the County Jail awaiting arraignment in Probate Court on a charge of burglary and larceny, following the recovery of \$200 worth of jewelry when he was arrested Friday.

Arrested Friday by Sheriff Morris Sharp and Deputy Sheriff George Spencer, Suttles is accused of the theft of two watches, a watch chain, and six rings, two of which are set with diamonds and valuable, from Fred Dobbins, Turnbull Road, near Cedarville.

Suttles has confessed the robbery, according to Sheriff Sharp and the loot has been recovered.

Suttles is employed by Dobbins and according to his confession, forced an entrance into his residence and obtained the valuables during the absence of Dobbins Thursday afternoon.

Dobbins was first apprised of his loss while talking to his hired man Friday. Suttles' apparent embarrassment, and subsequent disappearance when Dobbins commented on the loss of his watch, resulted in a reporting of his suspicions to Sheriff Sharp.

Sheriff Sharp and Deputy Sheriff Spencer drove to the Suttles home near the Dobbins farm and inquired for Suttles from his mother. While she said Suttles was not at home, Suttles ran from a rear door into the arms of the deputy.

Suttles first denied the theft. Sheriff Sharp found a stolen watch and three rings in the man's traveling bag in his room, and the second watch was found in the grass in the rear of the home upon Suttles' confession.

He denied the theft of the other three rings until the officers had brought him nearly to Xenia. He then broke down and admitted he had hidden the remainder of the loot in a vase on the mantle of his home.

EAST END NEWS

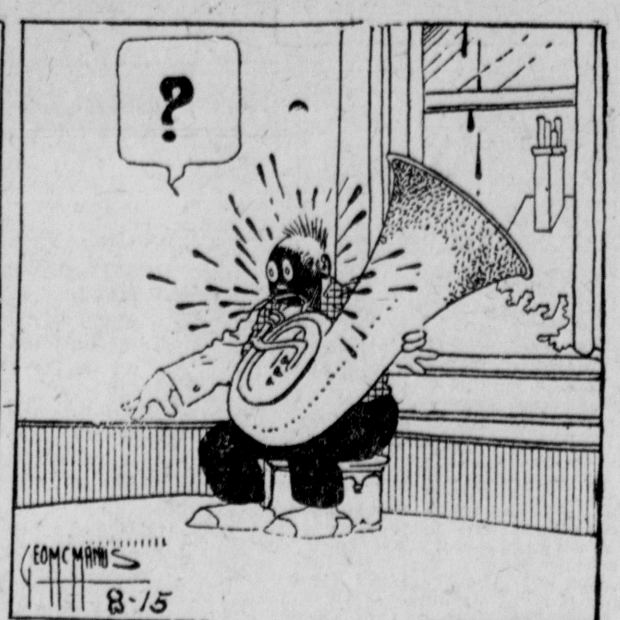

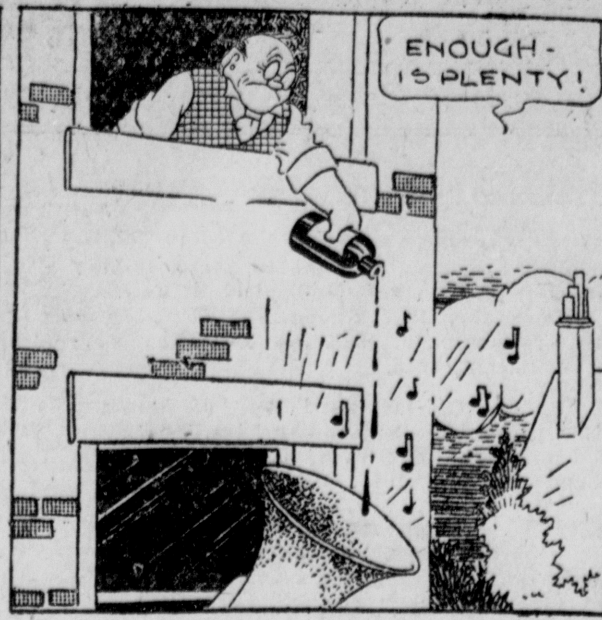

There will be a great treat in store for all who attend the services at Third Baptist Church Sunday. The "Boy Preachers" who are traveling over the entire country will appear at both services. Rev. Little Freeman Berlack and his companion are students at Roger Williams University. Do not fail to hear them.

On Thursday, August 27, the "Jones-Hilliard Singers" will appear at the Third Baptist Church. These singers are the group who won the silver cup prize at the State B. Y. F. U. convention at Lockland, O. Do not fail to hear them.

Mrs. Bertha Smith, evangelist, of Philadelphia, Penn., will conduct the services Sunday at Phillip Chapel. The services will be in order of an all day affair and basket meeting, each member being urged to bring their dinners. The public is cordially invited.

Mrs. Nannie Allen and her grandson of Detroit, are visiting Mrs. Allen's sister, Mrs. Weaklin of 308 East Main Street.

HOBBIES OF THE GREAT AND NEAR GREAT AS TOLD BY NEWS WRITER

Editor's Note—This is the twentieth of a series of intimate sketches which reveal the national political figure as a "brother under the skin" to the man behind the plow, the white collar worker or the day laborer. Others will follow.

SENATOR ROBERT STANFIELD
Having spent twenty-five years as a cowboy on the rolling ranges of the West, the obvious hobby of Senator Robert Nelson Stanfield (R., of Oregon) is a love for life in the open.

To the Senator the West is a strenuous calling him back to his first love. It was the scene of his youthful battles with adversity, his self-achieved triumphs in the cattle world and lastly, of cruel, fate-given reverses, from which he is now fighting to retrieve his fortunes. While the West probably placed as many thorns as roses in the pathway of his life, Stanfield always turns for "home" and the rolling plains whenever he can get away from his Senatorial duties.

The Senator's career in the cattle industry is an epic of the West. No wonder he turns to it for pleasure, work or rest. Born in Oregon, he early became a cowboy on the ranges of Idaho and Montana. His first duties were on the chuckwagon, but later he rode herd on the far-flung plains with the best of horsemen.

BECAME CATTLE KING

Fighting against great odds, he finally swung together a small herd for himself. Slowly the herd grew until at last he was one of the greatest cattle-owners in all the West. If not in the world. His herds roamed through three or four States, their numbers ran into tens of thousands. He added sheep to his holdings, and the herds were doubled in size. He was one of the mightiest cattlemen of the West.

When Stanfield first came to the Senate, in 1921, he began to reduce his cattle holdings. Then along came the great cattle panic of 1922-23, and a tidal wave of losses swept through the range country. Friend of every cattleman, Stanfield was caught with hundreds of thousands of dollars in

uncollectible loans, upon which not a cent could be paid by the penniless ranchers. His reverses, in all, were said to total millions of dollars, but he has started out anew to recoup his fortunes in the land he loves best.

STILL RIDES

His cowboy training has made Stanfield one of the best horsemen in the Senate. He loves to gallop along the capital's bridgepaths. His early life also gave him a keen interest in wild life and the great outdoors.

On vacations the Senator invariably visits the ranges of Idaho and Oregon to ride herd once more for the love of it. He also is a lover of wild game, but never hunts to kill. His interest in wild flowers and the forest products of nature is acute. At his Oregon home he maintains a "herbarium," in which he cultivates wild flowers, herbs and plants of the open. He gives hours of his time to develop plants which he has transplanted from the forests.

The Senator also reads for recreation, and he loves books on the old life of the West. Any frontier novel finds his immediate interest, and he refuses to close the book until he has learned who captured or slew the Indian chief, or who captured the rustler. His interest in these novels is strengthened by the fact that he has lived through many of their scenes and is personally familiar with their locales.

There is one secret weakness in the Senator's life. It is a love for "ten cent" poker. He doesn't care about the stakes, winning or losing; he just loves the thrills of the game and its element of chance. In a way this reflects his love for the West, where he has been one of its greatest gamblers in the greatest gamble of industry—the cattle game.

Next—Senator George McLean.

WHEAT WEIGHS LESS FROM SOUTHERN OHIO

Wheat in southern Ohio shows more weathering and is therefore of poorer quality than wheat in the northern part of the state, according to a report from the Ohio seed improvement association just received at Ohio State University.

The report shows that a preliminary survey on the test weight of a bushel of wheat in northern Ohio is a pound and a half more than in southern Ohio, and that the protein content of this grain in all parts of the state is running about 1 percent above last year.

"The test weight of a bushel of wheat is one of the most important single factors in the grading of grain," says J. S. Cutler, one of the officials of the association. "While this test weight is considerably affected by seasonal conditions, certain farm practices will increase it. A single shower will reduce the test weight as much as a pound where the grain is poorly shocked."

"It is this weathering more than anything else this year that has reduced the test weight of wheat in southern Ohio. A preliminary survey in northern Ohio shows wheat there to have an average test weight of approximately 60.3 pounds a bushel, while in southern Ohio it is approximately 58.8 or a difference of a pound and a half in favor of the northern wheat."

"Reports from commercial laboratories throughout the state show the protein content this year to be running from 9.5 to 11.5 percent, or about 1 percent above last year. More protein generally means more loaves of bread."

MICHAEL'S MARRIAGE

By MICHAEL

CHAPTER 123

Lilah was to have met Michael at 1 o'clock to go with him and Attorney Cohen to the Horners. But late in the morning she telephoned him:

"Michael, I can't get away to go with you today. I forgot that I promised mother I'd help her out at the ladies aid today. Can't you go tomorrow instead?"

"Well, I've already made arrangements with Cohen, and he's been so nasty that I don't like to ask him to postpone it...."

"The matter can afford to wait a day, can't it?"

"Yes, but—"

"Very well, I know that you don't want me to go. Goodbye."

"Lilah!" He jangled the telephone hook hopelessly. The devil! Now she would think—He decided to keep the engagement to-day.

He took Cohen out there in his car. Both were silent. Cohen, attorney-at-law and a shrewd man, mistook the significance of Michael's frown.

"Well, Mrs. Horner, I have persuaded Mr. Menlow here to come to an agreement," he said when they entered, rubbing his hands.

Michael stared. The nerve of the man! "Mrs. Horner knows very well that I have not attempted to shirk responsibility," he said quietly.

The woman did not commit herself.

Michael found his eyes seeking a glimpse of Mrs. Horner's daughter. Where was she?

The men seated themselves. "I have here an agreement," said Cohen, drawing out a typed sheet of paper. He carefully adjusted a pair of nose glasses and went over it before reading its terms. "It is to the effect that in consideration of a release from all claims, you, Mr. Menlow, agree to pay the sum of \$2,000, in addition to hospital and doctor bills, and whatever Mrs. Horner has lost in wages." He raised his eyes to Michael's.

The latter smiled. "You know very well, Cohen, that that amount is unreasonable. Besides,

my wife's responsibility is a matter of doubt. Her case has not come to trial. There are witnesses...."

"Yes, we have witnesses," said Cohen, pointedly.

"Now if you were to say \$500—Mrs. Horner's greedy mouth fell—plus a fee to you of \$100, I might consider it."

The attorney smiled blandly. "I usually arrange my fees with my client, and not with the defendant." He smiled at Mrs. Horner. She, suspecting that Michael might be trying to bribe her agent, smiled in return, a smile of triumph. What a smart attorney she had!

"If you should sue, you probably will get considerably less, as you well know. And you, Mrs. Horner, will get much less. I suppose this man has induced you to sign an agreement to give him 50 per cent of what he collects?"

Mrs. Horner started to answer, but Cohen broke in:

"Look here, Mr. Menlow, the agreements of my clients and myself are none of your business. You are the defendant in this case," he said, angrily.

Michael preserved his calm. "Very well, I'm afraid we can't do business. Bring your suit, and I'll have Thurber attend to it. I'm perfectly willing to do the right thing. But I won't be robbed by a shyster lawyer."

He arose. "Mrs. Horner, I think you'll profit more if you do not persuade your lawyer to bring suit. He started for the door. It opened, and in walked the girl. Michael paused and smiled a greeting. She nodded impersonally. A basket of groceries was on her arm.

Michael's eyes followed her as she crossed the room. Where has this girl learned to walk like a lady? Surely it wasn't natural?

He saw Cohen eyeing her lasciviously. "I'd like to smash his dirty face," he thought.

He turned again to the door. He would come again tomorrow, he decided, and try to make Mrs. Horner—and the daughter—understand.

(To be continued.)

EMPLOYEES PICNIC AT YELLOW SPRINGS

Approximately 500 employees of the American Radiator Company, Springfield, their families and friends held a joint picnic-outing at Antioch Glen Saturday, near Yellow Springs.

In the absence of motor transportation, free transportation in special cars over the Dayton, Springfield and

Xenia Southern Railway Company traction line was provided. Featuring the athletic program arranged, was an exhibition of horse-shoe pitching by Fred Brust, Columbus, former national champion.

OLD MINISTER DIES
CRESTLINE, O., Aug. 15.—Philip Martin, 94, for many years a Quaker minister in this section who died here, was buried in the Quaker cemetery at Mt. Gilead. Funeral services were conducted by Mrs. Mary Seips, a Quakeress minister.

INSPECTION HERE FOR FIRE HAZARDS TO BE NEXT MONTH

Lure of vacation joys has caused postponement of the annual inspection of Xenia for fire hazards by deputies from the state fire marshal's office until the week beginning September 21, it has been learned by Fire Chief T. B. Claire.

Chief Claire learned Wednesday from State Fire Marshal McGruder, of Columbus, many of the inspectors making the annual tour of Ohio cities are now enjoying vacations but that the inspection in Xenia will positively be made shortly after September 21.

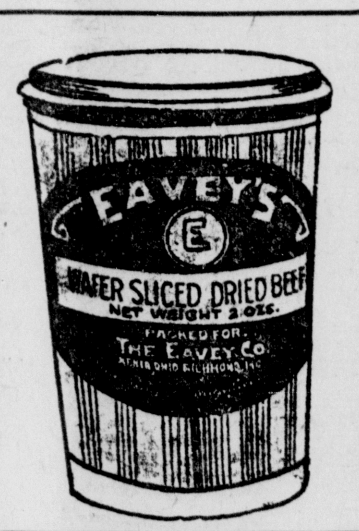

Chief Claire will be advised when a definite date is set.

The inspection will cover buildings of the city administration, fire department and business houses. Reports of the inspection will be made.

TO BE AUGUST 19

Owing to an error, the date for the Greene County Fish and Game Protective Association picnic, was given as Wednesday, August 18, in the Gazette and Republican issues of Friday afternoon and Saturday morning. The picnic will be held Wednesday August 19, in Ketter's Grove, four and one half miles south of Xenia.

"E" BRAND
WAFER SLICED
DRIED BEEF

For the summer outing no meat is quite so handy, so appetizing, so safe from germs as "E" BRAND WAFER SLICED DRIED BEEF. It can be carried on a journey of any length without fear of its becoming tainted and it is delicious and nourishing whenever or however served. Only the thickest, tenderest part of a dried beef "ham" is ever used in "E" BRAND DRIED BEEF—the tough gristled "ham" ends and all meat that is strong or dark is rejected. Every slice is a clear bright color, is fine grained and tender and is cut wafer thin. The Eavey Company pays an extra price for this special selection but you get it at the price of ordinary dried beef.
